A SWEEPING VICTORY!

Predicted For the Virginia Democracy This Year—Lowry After the Prize Fighters.

RICHMOND, Va., July 25.—In a conversation with a newspaper reporter today, Gov. Fitz Hugh Lee expressed perfect confidence in the ability of the Democrats to carry the state this year. Indeed the governor does not entertain the slightest doubt that the Democrats will elect the whole state ticket and retain control of both branches of the legislature as usual.

NEW YORK, July 25.—Col. Emmons Clarke has declined the appointment as consul to Havre.

NEW YORK, July 25.—At Far Rockaway last evening, a locomotive and four passenger cars were derailed and the cars were afterward destroyed by fire, which communicated from the wrecked locomotive.

NEW ORLEANS, July 26.—Governor Lowry yesterday secured the arrest and extradition to Mississippi of Division Supt. E. L. Tyler, of the Queen and Crescent railroad, who is charged with having abetted the managers of the recent prize fight at Richburg.

NEW YORK, July 25.—Postmaster-General Wannamaker is agitating the sale of the present New York postoffice building to the city government and the erection of a new postoffice building up town. The building is inadequate for the present needs of the postal service here.

Several persons at Coney Island, who knew Hogan, the missing aerenaut, say that they saw the professor on the Island last Saturday, and that he was seen to leave West Brighton Beach Sunday afternoon on a train for Brooklyn.

MASON CITY, Ia., July 25.—Lieutenant Governor Hull says that the story to the effect that Governor Larabee was scheming for a renomination is all bosh. The governor has already served two terms and would not take the nomination again even if tendered unanimously.

DUBUQUE, Ia., July 25.—Although Governor Larrabee has offered a reward of $500 for the arrest and conviction of the murderers of John Elkins and wife, on the night of July 17, at their home near Edgewood, no new clues have thus far been obtained.

HENRY BROWN.

Fort Wayne Has the Banner Convict in the Prison North.

MICHIGAN CITY, July 25.—Henry Brown has been received at the Michigan City penitentiary from Fort Wayne to serve a term of three years. Brown is the banner Indiana convict and is now serving his ninth term. He is about forty years of age, and has been serving in the prison in Michigan City for the past twenty years. He has never received any long sentences, three years being the longest. From the time he was first sentenced he has not been outside at any one time for longer than two or three months. One thing strange in the career of the criminal is that he never committed a crime in any other than his own county. When he is released from prison he makes a bee-line for Fort Wayne, his home, and, after renewing old acquaintances, commits some theft and comes back for a year or two. He follows no occupation outside, and on the prison record, where the prisoners were registered, the word "thief" follows the name as his occupation.

A WOMAN INSANE

Because Her Husband Skips With All the Money He Could Borrow.

ST. JOSEPH, Mo., July 25.—Charles Nowland, a prominent building contractor, who gained considerable noteriety a few months ago by shooting a negro in the city police station, and who was formerly a member of the city council, has, it is said, borrowed all the money he could get on his home and other property, and left, presumably for England. His disappearance is mysterious and has caused his wife to go insane.

ARCH BISHOP WALSH.

He is Named For the Vacancy Caused by the Death of Bishop Lynch.

NEW YORK, July 25.—The Rome correspondent of the *Catholic News* cables that Bishop Walsh, of London, Ontario, was yesterday elected arch bishop of Toronto, to fill the vacancy caused by the death of Bishop Lynch, May 22, 1888.

The Weather.

WASHINGTON, July 25.—Indiana—Fair, except showers in southern portions; warmer southeasterly winds.

THE ENCAMPMENT.

Our Soldier Boys Will Break Camp Saturday—The Zollinger Battery Complimented.

The Indianapolis papers have this to say concerning the encampment of the militia of the state at that city:

General Ruckle said last night that the encampment would end Saturday afternoon instead of Monday morning, as originally intended. The main cause of this is President Harrison's recent order prohibiting all dress parades and other drills on Sunday. The men would have nothing to do on Sunday and would be more troublesome. "We will break camp Saturday afternoon," said General Ruckle, "in time for all the boys to take the evening trains for home."

Charles H. Rossington, of Fort Wayne, is acting as quartermaster sergeant of the First regiment light artillery.

An enterprising photographer was on the ground yesterday, taking views of everything he could bring his instrument to bear upon. "Looks like a Gattling gun drill," remarked a Fort Wayne artilleryman, as the photographer ducked his head under the cloth to take a view of the guns parked on the hill.

The Fort Wayne battery, organized in May, 1888, will press the older artillery organizations for first honors. It is composed of twenty-two exceedingly active and alert young men, who are not afraid of any duty that will redound to the credit and increase the efficiency of the battery. The officers are J. C. Williard, captain; W. F. Ranke, lieutenant; W. W. Mungeon, second lieutenant; Frank Morgan, first sergeant. They have the heaviest gun on the grounds, but handle it with much dexterity. It is a twelve-pound Napoleon, an old-fashioned brass piece, but they do the best they can with it and never murmur. The gun weighs 1,230 pounds, wheels 181 pounds each, and gun carriage without wheels, 736. The total weight of the entire outfit, including the caisson, is 7,793. This is the piece the battery handled at Evansville, where it took a prize. It also took a prize in the Gattling-gun drill. The battery will give a battalion drill with horses this morning.

DEATH OF PETE OWENS.

The Well-Known Saloon-Keeper Dies at Noon To-Day of Consumption.

For some days past the life of Mr. Peter Owens, the saloon-keeper, has been hanging by a thread. Dr. Greenawalt, who attended him, pronounced the disease of such a nature that recovery was hardly possible.

This morning the sick man showed symptoms of growing worse and toward noon he was given up. Shortly after noon he passed away while in an unconscious state. The cause of death was consumption. A widow and three children survive him.

Peter Owens had friends almost without number, who will have feelings of regret at his sudden demise, for there was apparently no more able-bodied man in active duty than he. The deceased for many years worked in a stave factory, but was later appointed on the police force. For the last four years he has conducted a saloon. Announcement of the funeral will be made hereafter.

TAYLOR UNIVERSITY.

A Fund Started for the Endowment of a New Institution in Fort Wayne.

Mr. H. C. Hartman, of this city, is now in New York City, authorized by the board of trustees of the Fort Wayne M. E. college to contract a loan of an amount of money to make a number of improvements in the college.

These improvements are for temporary purposes. The college trustees have in consideration a more elaborate scheme which is actually the import of Mr. Hartman's visit to New York.

It is prophesied by one of the trustees that the Fort Wayne college will shortly be endowed as a university to be named after Bishop Taylor, who is at the head of the national local preachers of America, and who is now in Africa.

It is the intention of interested parties to circulate a paper for the accumulation of the required fund. Contributions ranging from $1,000 to $5,000 are already made and it is predicted that long before Bishop Taylor's return a sufficient amount of money will have been subscribed to endow an institution, which will be a credit to the country.

The Taylor university, if established, will be of national repute instead of local or state interest alone.

A BIG FAILURE.

One of the Largest Dry Goods Houses in the Country Goes Under—Liabilities $4,000,000.

PHILADELPHIA, Pa., July 25.—Surprise was occasioned in business circles to-day by the announcement that the firm of Lewis Bros & Co., wholesale dry goods dealers, No. 240 Chestnut street, had made an assignment for the benefit of their creditors. While the exact amount cannot as yet be ascertained, it is thought the liabilities of the firm will sum up nearly four million dollars.

It is not likely that this amount will be increased by later developments, and it is hoped that an examination of the books will considerably decrease it.

The firm is one of the largest in its line of business in the city, and perhaps in the country. It has houses in many of the larger cities of the United States, notably, New York, Chicago, Baltimore and Boston. The members of the firm resident in this city, are George W. Wharten, Joseph W. Lewis and Henry Lewis.

Mr. Wharten, when seen this morning, promptly admitted the authenticity of the rumor that his firm had made an assignment for the benefit of their creditors. Cornelius W. Bliss of the New York firm of Bliss, Fabian & Co., he stated, was the assignee.

"I am unable," continued Mr. Wharten, "to place the amount of our liabilities. However, I feel convinced that they will be not much in excess of our assets."

"Of course, it is impossible to determine these things until an examination of the books has been made. We are now going over our books and will probably know more definitely to-night how and where we stand.

"If we could have had only two or three days more I am sure we would have been able to tide over difficulties, but the blow fell just at the worst time and our only course was to make an assignment and this we did this morning."

THE MAHONING.

Another Installment of Encouragement About the New Railroad.

The Findlay *Republican* has this pleasant news:

"There was yesterday a meeting of the agricultural board for the purpose of considering the proposition of the American Midland railroad for the right of way through the fair grounds. No definite action was taken. Another meeting will be held next week.

"Yesterday seven car loads of heavy railroad iron arrived in the city over the C. S. & C., for use in the extension of the American Midland. The firm of Richard & Clegg have the contract to lay the track and ballast between Glandorf and the Clover Leaf on the west. Mr. Clegg, who is in the city on his way to Ottawa, says that the laying of track will reach the Clover Leaf within thirty days. The bonds will then be placed."

MAGGIE MITCHELL.

The Actress Will Marry Her Leading Man.

NEW YORK, July 25.—It is reported that Maggie Mitchell will shortly marry her leading man—Charles Abbott. Miss Mitchell is now visiting her daughter in Germany. Mr. Abbott is making arrangements for her tour next season and is superintending the construction of West End theatre in Harlem. Although Maggie Mitchell's relations with Mr. Abbott have been very friendly for a long time, they never approached their present degree of intimacy until after she was divorced from Henry Paddock.

Fires.

ROCHESTER, N. Y., July 25.—A fire occurred in Bickford Bros'. bedding manufactory, on Mill street, this morning. The loss to this firm; Block, Meyer & Co., clothiers, and to Frederick Zimmer, owner of the building will aggregate $10,000. The flames were under control in half an hour. How the fire started is not known.

Governor Ames.

NORTH EASTON, Mass., July 25.—Governor Ames rested fairly well during the night, with the exception of several coughing spells and is better this morning than at any time since he has been ill. He still remains in bed.

No Truth in It.

WASHINGTON, July 25.—Acting Secretary Wharton, of the state department, received the following cablegram from Minister Dinsmore, at Seoul, to-day: "Report concerning Mrs. Heron wholly without foundation."

Ohio's Next Governor

ZANESVILLE, O., July 25.—The prohibition convention nominated Rev. J. B. Helwig as governor on first ballot.

BRUISED AND BROKEN.

Several Accidents Reported From the Different Parts of the City.

An eleven-year-old son of Mr. Fred Zuber, who is employed by Peter Moran, fell off an ice wagon this morning in front of Fox's restaurant, on East Main street. The wheels of the heavy vehicle passed over the lad's left leg badly crushing the flesh, but fracturing no bones. The patrol wagon took the lad to his home, at 16 Monroe street, where Dr. McOscar attended him.

Frankie, the little son of Mrs. Mary Welch, of Superior street, fell from a wagon at Wallen two days ago and sustained a fractured arm. The lad is now at home.

Dr. A. J. Boswell was called yesterday afternoon to see Mrs. Barney Masbaum, near Adams station. She was thrown from a load of hay to the barn floor while observing the work of a hay fork. She sustained a fracture of the radius near the wrist, known as Coller's fracture, together with a severe face wound and internal injuries.

Yesterday a lad named Kaough, a nephew of ex-Postmaster Kaough, of this city, had his hand badly mashed in a threshing machine near Hadley. The injury was severe, and part of his hand will have to be amputated.

Mr. Geo. Laible, an employe of the Old Fort Manufacturing company, had his arm lacerated while working with a boring machine this morning. He was a new employe and had been there but a few days.

A MILE A DAY.

That is the Rate the Natural Gas Mains are Going Under Ground.

Eighty-five more workmen started in on the natural gas mains this morning, which with the force formerly employed, will, on the average, put under ground about one mile of pipe a day.

These workmen are paid $1.35 a day and every man who applies for work is given a job. One hundred more men could find work to-morrow, whether they be Americans, Hollanders, Irishmen or any other nationality.

The natural gas company see the necessity of pushing the work vigorously, as therein lies the only possibility of getting the work done before cold weather.

The difficulty at Montpelier has been settled by the company giving cheap rates to citizens of that place. The main pipe line has already reached Keystone, twelve miles from Bluffton and is steadily coming to the Summit City.

ZOLLINGER'S BIG FIGURES.

Report of the Indianapolis Pension Office—Increase in Business.

The annual report of Colonel Zollinger, of the Indianapolis pension agency, has been forwarded to Washington. It deals in big numbers.

From June 30, 1888, to June 30, 1889, the Indianapolis office paid out in pensions, $8,480,000, an increase of $1,600,000 over the preceding year. The net number of pensions on the rolls increased 5,000.

Colonel Zollinger says that Commissioner Tanner has allowed $19,000 for the expenses of this agency for the year, an increase of nearly $2,000. This has been much needed. The clerical force has been heavily taxed and the department has grown beyond expectation.

LOCAL LINES.

Mr. F. W. Antrup is quite seriously sick.

Mr. Jerry Cartwright, of Auburn, Ind., is in the city to-day.

Dr. T. J. Dills went to Michigan City to-day and will join his family at Petoskey next Sunday.

Mrs. Joe Gusman and daughters, Maud and Gertie, of Huntington, are visiting in this city.

A special excursion train went to Warsaw to-day over the Fort Wayne road. The passengers came in over the Fort Wayne, Cincinnati and Louisville road, four hundred strong.

The little three year old daughter of Mr. John White, of 78 Melita street, disappeared from her home at an early hour this morning, and the parents have been unable to find the child.

Among the marriage licenses will be noticed that of Colonel Harry C. Collins, the well known printer, and Mrs. Laura Doty. Harry had not notified his friends of his contemplated marriage, but they will nevertheless, join THE SENTINEL in wishing him all the happiness in the world. The marriage ceremony was performed this morning at the residence of the bride by Mayor Harding.

DEER PARK.

The President Transacts Business at His Summer Home—Attorney General Miller Visits Him.

DEER PARK, Md., July 25.—Charles W. Smith, convicted in the federal court of eastern Michigan of forging money orders, has been pardoned by the president. Smith had already served one year in the penitentiary. Lewis C. Powell, Edward Bennett and Samuel Butler, all of South Carolina, convicted of violating the revenue laws, have had their applications for pardon denied.

Attorney General Miller brought up the papers of these men from Washington, and spent an hour this morning examining the cases with the president.

The first guests at the McKee cottage will be Mrs. and Miss McKee, of Indianapolis. They will come this week.

Attorney General Miller will remain here a few days longer.

GARFIELD'S SON.

He Will Be Married to the Daughter of a Railroad Magnate.

CHICAGO, July 25.—The engagement is announced of Miss Helen Newell, daughter of John C. Newell, general manager of the Lake Shore railroad, to James R. Garfield, second son of ex-President Garfield.

The Sioux Commission.

CHAMBERLAIN, Dak., July 25.—The result which attends the Sioux commissioners at Cheyenne leads people here to believe that there is more than rumor in the charge that the towns interested in the capital fight have been taking a hand in the matter. It is believed that, had the Indians at the agency been left alone, the result would have been much different.

At this time 3,000 of the necessary 4,000 signatures have been secured. A more favorable result is looked for at Standing Rock. The prevailing opinion is that the requisite number will yet be secured.

DR. J. M. DINNEN.

He is Reappointed on the Board of Pension Examiners.

The Washington dispatches to-day announce that Dr. J. M. Dinnen has been appointed on the board of pension examiners. Dr. Dinnen is a staunch democrat.

Killed as a Sacrifice.

SAVANNAH, Ga., July 24.—It has been discovered that a negro child has been killed in Liberty county, by its parents as a sacrifice, the negroes being crazed by the fanatical preaching of Orth and Bell. The negroes of the county are nearly all in a lamentable state of religious frenzy. Edward James, who is acting as the leader of one of the congregations since Orth was sent to the asylum, appears before his audience almost nude when he preaches.

PURE AND EFFICACIOUS.

Fort Wayne Sentinel.

E. A. E. HACKETT, Editor and Proprietor.

THURSDAY, JULY 25, 1889.

THE colored people are having an interesting and successful camp meeting at the fair grounds.

THE report telegraphed from Nashville, that Mrs. Heron, a Presbyterian missionary in Corea, had been sentenced to death for teaching Christianity, is not credited by the officers of the Presbyterian Board of Foreign Mission.

EDITOR C. B. LANDIS, of the Delphi *Journal*, had his residence entered by burglars the other night. His gold watch and chain, $25 in money, a new suit of clothes, with hat and shoes to complete the outfit, and several other articles were taken.

HARRISON is dismissing his political opponents from office three times as fast as Cleveland did. Up to the present time about 13,000 changes have been made in the fourth-class postoffices, as against 4,000 made by the preceding administration in the same time.

A CINCINNATI judge, who had a confectioner before him for selling ice cream on Sunday, dismissed the case and in doing so said, "that the use of ice cream had grown to such an extent that it was no longer classed as a luxury and in the liberal view the court was inclined to take of the statute its sale on Sunday could easily be regarded as a necessity. "Certainly," said his honor, "no man was ever incited by eating ice cream to go home and beat his wife and break up the furniture, and I have no sympathy with the effort of saloon men to make the law against them odious by pushing the enforcement of the common labor law."

COUNCIL PROCEEDINGS.

The Usual Array of Resolutions Introduced and Adopted—The Ordinances and Proposals.

RESOLUTIONS.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

DOTTED DOWN.

The News of the Day, as Taken From the Note Book of Our Railroad Reporter.

The Knights of the Golden Eagle had an excursion to Warsaw to-day.

John Webber has resumed his position in the Bass moulding rooms.

Louis Waltemath, of the Olds wagon works, is suffering with an injured eye.

Ticket Agent Frank Bissel, of the Pittsburg, was at Kalamazoo yesterday.

The Knights of the Golden Eagle took 200 excursionists to Warsaw this morning.

Fred Reese, of the Foster Furniture company, is visiting friends at Friedhiem, Ind.

J. C. Match is doing clerical work at the Bass works in the place of Will Noble, who is sick.

A gang of twenty-five negroes are working on the natural gas trenches on Washington street.

Fred Rogers was injured at the Nickel Plate yards, Tuesday night, while making a coupling.

John McGorman, of the Pittsburg car shops, has moved from Broadway to No. 176 Van Buren street.

James Rhoan, of Muncie, has taken a position in the yards of the Fort Wayne, Cincinnati and Louisville railroad yards in this city.

James O'Hearn, David J. Roche, Albert Armstrong, W. A. Johnson and Edward O'Hearn have taken positions at the Pittsburg blacksmith shops.

Among the laborers who are brought to this city to work on the natural gas trenches, are a large number of negroes. They are put in gangs by themselves.

Master Mechanic O. J. Wilson, of the Wabash, appointed Mr. William Yergens assistant foreman of the Wabash shops yesterday, vice Scott Cooper, resigned.

A number of the shop boys will go with the excursion of the Jenney Electric Light company next Saturday. The attractions of the Jenney girls are sufficient to take them anywhere.

Superintendent Victor A. Sallot, of the Olds wheel works, says that the mysterious letter "B" on the oats, mention of which was made in THE SENTINEL a few days ago, means Bohemian oats. It is a sign that brings sad reflections to many farmers.

Passenger Agent R. G. Thompson, of the Wabash, has returned from St. Louis, Mo., where he met several Fort Wayne boys, among whom were J. M. McConnell, formerly ticket agent of the Wabash here, Arthur Dougall and Herman Woulfe. Dick thinks the Wabash is the greatest railroad on earth, and he tells us how it brought him from St. Louis to this city in less than eleven hours.

The new Michigan law regulating railroad passenger rates seems to strike the nail pretty squarely on the head. It provides that all roads whose gross earnings per mile exceed $3,000 shall not charge over two cents a mile. Roads earning less than $3,000 and over $2,000 two and one-half cents, and roads earning less than $2,000 three cents. The act also provides for $20-1,000 mile tickets.

The excursion of Switchmen's Mutual Aid association to Rome City this morning was not a large one, only 200 people accompanying them, but the party was a merry one, and they have undoubtedly enjoyed the day. They left the south depot at 8 o'clock. Engineer Charles Rehling and Fireman James Richards were in charge of the locomotive that pulled the train, and it was beautifully decked with the American colors.

MURDERED BY TRAMPS.

A Lake Shore conductor reported yesterday the finding of the bodies of three unknown men—two white and one colored—between the Baltimore and Ohio and Lake Shore tracks, at Pine, a small station west of LaPorte.

The bodies were in a state of decomposition, showing that they had been dead for several days. The cause of their death is a mystery. All three of their heads were crushed and it is supposed that they were murdered while asleep and that the deed was committed by tramps.

A peculiarity of Hood's Sarsaparilla is that while it purifies the blood, imparts new vigor to every function of the body.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

Head Of Doctors.

What will do it? A free trial package of Lane's Family Medicine, which you can get from any druggist. This is a new and wonderful medicine, discovered in the Rocky Mountains by Dr. Silas Lane. It is a positive cure for constipation and all blood, liver, stomach and kidney troubles. You need such a medicine. Call to-day on your druggist for a free sample package. Large size package 50c. All druggists sell it.

LQW G. A. R. RATES.

The Soldiers of This City Will Go to the Encampment Via. the Lake.

Col. Philemon Dickinson states that reduced rates have been secured to the national encampment of the G. A. R., at Milwaukee, and that there will be a large attendance.

The party will go to Benton Harbor, thence by boat to their destination. This mode of transpoatation will knock out the railroads who insisted on higher rates than one cent a mile.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria,

City Assessor Charles Reese went to Bull Rapids to-day. He will return Saturday and take a trip next week.

Symptoms of Catarrh.

Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from the ulcers, the voice is changed and has a nasal twang; the breath is offensive, smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. If you have all, or any considerable number of these symptoms, you are suffering from Nasal Catarrh. The more complicated your disease has become, the greater the number and diversity of symptoms. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption and end in the grave. No disease is so common, more deceptive and dangerous, or less understood, or more unsuccessfully treated, by physicians. Five hundred dollars reward is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of catarrh which they can not cure. Remedy sold by druggists at only 50 cents.

Cheap Harvest Excursions

Will be run via the Wabash Line to points in Kansas, Nebraska, Oklahoma, Dakota, Colorado, and all parts of the West, on August 6th and 20th, September 10th and 24th, and October 8th, 1889. Rates one fare for Round trip. For particulars, apyly to nearest Wabash Ticket Agent. Oct1

Lake Chautauqua.

Take the Nickel Plate to Lake Chautauqua, the popular summer resort, where 150,000 pleasure seekers visit in one season. It is located at an altitude of 1,400 and 1,500 feet above ocean level, and its shores present a continuous picture of scenic beauty.

The boating, fishing and bathing advantages are equal, if not superior, to any other resort in this country, and these features alone should bring thousands to its shores the coming season.

The history of the various religious and educational organizations which have made this resort so popular, are so well known it will not be our purpose to repeat any portion of it here. Individuals or families desiring board at hotels or private houses may be accommodated at rates to suit the ability or desires of the visitor.

The Nickel Plate has made special arrangements for the accommodation of tourists who desire to stop on excursion tickets either going or returning, enabling them to visit friends en route and the many attractions of the beautiful city of Cleveland, Ohio.

Excursionists desiring to visit Niagara Falls may be accommodased with tickets direct or via Chautauqua Lake, enabling holders of Nickel Plate tickets to visit both of those famous resorts without additional cost to purchaser. The Nickel Plate trains make direct connections at Brooton for Mayville, and close connections returning. Be sure your ticket reads via Nickel Plate. Aug15

Grates and open stoves using No. 5 Mixer or smaller, where boilers or furnaces are also used for heating the premises, shall be charged $7.50 each per annum.

The company will make all necessary connections with its street mains and run service pipes to the curb line without expense to the consumer.

The mixers are owned by the company, and are furnished without charge. Patrons are cautioned against interfering with them in any manner. Any defective service on the part of the company will be promptly attended to, upon notice to the office. A damper in the stove pipe is necessary to insure successful service.

All bills are due on the 1st day of the month, and payable in advance AT THE OFFICE OF THE COMPANY. Ten days' grace is allowed to patrons who pay promptly, but BILLS MUST BE PAID ON OR BEFORE THE 10TH OF EACH MONTH TO SAVE DISCOUNT. Allowing the time for discount to expire before making payment does not give an extension of time on the b ll.

All applications, notices and complaints must be made at the office to insure prompt attention.

The business of the company MUST be transacted AT ITS OFFICE. If you do not clearly understand any point in this circular, call at this office and explanations will be cheerfully given.

☞ The mixer is the bulb through which the gas passes to be mixed with air. A No. 5 mixer is the size generally used for domestic purposes and will supply sufficient gas for heating equal to an ordinary hard coal stove, burning from 4½ to 5 tons of coal during the season. No. 7 and upward are for hot air furnaces and steam heating apparatus.

No. 5 mixer has 4-32 opening.
No. 7 mixer has 5-32 opening.
No. 9 mixer has 6-32 opening.

Special attention is called to the annual rates, which are much below the cost of coal, wood or gasoline.

☞ Furnace or cook stove will be counted as one stove, and where additional fires are used they will be figured on the basis of reduction named in price list.

Annual Contracts are payable in six monthly installments, commencing with the date of connection, between November 1 and May 1, and continuing to April 1, and commencing again November 1 if necessary to complete six monthly installments. If connections under Annual Contracts are made after May 1, but previous to November 1, then such monthly payments shall begin November 1 and continue to April 1.

Any consumer using $40.00 worth of gas per year according to above schedule shall have the right to require gas to be furnished by meter measurement instead of schedule rates; in which case the company shall have the right to charge ten (10) cents per 1,000 feet. Standard meters will be furnished by the company.

For all manufacturing purposes and for all other consumers not designated in the foregoing schedule, gas shall be furnished at the option of the consumer as follows:

First, by special agreement, or second, by meter measurement not exceeding seven (7) cents per 1,000 cubic feet.

The place pays from $800 to $1,400 a year, and will not interfere with the general practice of the physician.

The local option fight at Van Wert is becoming very much complicated, and the end is not yet. A few days since a voluminous petition was presented to the council asking that the ordinance be repealed or at least resubmitted to the people. The council, however, laid the petition on the shelf, and now a petition is being circulated asking the council to resign.

At Notre Dame, during this week, Rt. Rev. Bishop Dwenger confers orders preparatory for the priesthood on six young gentlemen who have affiliated themselves with the Order of the Red Cross. At the mother house of the St. Mary convent, near Notre Dame, the bishop will attend the religious profession of a number of novices and the election of a superior. After his sojourn at Notre Dame he will attend Rev. Father Crawley's silver jubilee at LaPorte.

In its comments on the Blue lodge meeting held at Richmond, Ind., Tuesday evening, the *Palladium* says: "After all had been supplied the demands of appetite, the company repaired to the lodge room, where P. G. M. Fetta, Master of Ceremonies, announced that speeches would be in order. Past Master Stevens, of Fort Wayne, was called for and responded in an exceedingly happy manner. He has traveled extensively in Europe and Asia, and gave a very interesting account of Free Masonry as he witnessed it there."

The C. K. of A. will not go to Huntington as a morning paper states.

W. S. Cleveland, the minstrel manager, runs two companies of equal calibre, and as an extra inducement to arouse interest in the attaches of both, he has offered a $10,000 premium to be presented pro rata to the company making the most clear money during the season.

Mr. Wm. H. Faulkner, traveling representative of the Chicago *Inter-Ocean*, one of the best metropolitan papers coming into this city, was a caller at THE SENTINEL office to-day. He is in the city in the interest of his journal and we are glad to know is extending its circulation. He goes to Plymouth to-morrow evening.

The waterworks trustees will advertise for bids for new ten inch mains, to replace the six-inch pipes now down, on Broadway, from Washington to Wall street. This is to afford better fire protection to the Jenney works and Rastetter's factory. The trustees will also advertise for an extension of mains on South Broadway, from Taylor street to DeWald street.

G. Epple has been given a permit to build a kitchen on lot 12, Bond's second addition to cost $25; August Schele to repair house house on lot 58, Hanna's addition, to cost $500; Christ Bolwahn, to repair house on lot 17, Spencer's addition to cost $250; J. M. Pierre, to build a barn on lot 141, Rockhill's second addition, to cost $30.

The funeral of the late Miss Louise Hackius was largely attended at Emanuel's Lutheran church, yesterday afternoon. There were several beautiful floral pieces from schoolmates of the deceased and the clerks of Root & Co., and DeWald & Co. The pall bearers were as follows: Gottlieb Niemann, Herman Hobrock, Ernst Kampe, Wm. Myers, Wm. Etzold and Fred. Snyder.

The child born to the family of Lafayette Cornett, near Brownstown, is now sixteen days old, and "lively as a cricket," and not much larger, figuratively speaking. It weighs only one pound, and a lady's finger-ring can be readily passed over its hand and the full length of its arm to the shoulder, and a cup will cover its entire head, body and limbs. There are several children in the family of normal size and good health, and the parents are also average people in size.

The Warsaw *Times* has this about a former Fort Wayne pastor: "The members of his congregation made the Rev. D. C. Woolpert, pastor of the M. E. church of this place, a handsome present. Learning that he had purchased a horse and buggy, and being well aware that his health required as much outdoor exercise as possible, they joined together and in a remarkably short space of time secured a cash subscription amounting to $180 to pay for the horse and vehicle, and last night a number of the donors—both ladies and gentlemen—assembled at the parsonage to present him with the money."

Mr. O. N. Needham is at Chicago.

Mr. Pete Thompson, of the *News* counting room, was tendered a surprise at his new home, on East Wayne street last night, by a large number of young friends.

Miss Lizzie Waldmann, of Van Wert, Ohio, who has been visiting her cousin, Miss Cora Bassett, of South Harrison street, for the last two weeks, has returned home.

Mr. Parrott, who is superintending the erection of the Holly waterworks engine, has gone to Kansas City for a few days where the same company is putting in an engine.

Mr. J. M. Henry, of West Washington street, received the sad intelligence last evening of the death of his niece, Lillie Williams, which occurred at Wabash, Ind., yesterday. The child was an orphan about fourteen years of age, and has made her home with Mr. and Mrs. Henry in this city, and the latter was at her bedside. The interment will occur at Wabash in the family lot to-morrow.

Mr. Scott Cooper, living in South Wayne, was arraigned before the corporation 'squire, Mr. George W. Flick, on the charge of assault and battery on Mrs. Dominick Russell, who lives on South Wayne avenue. Testimony was introduced to show that the woman provoked the defendant and struck him with a stove shovel, and it was decided that under the circumstances it would not be justice to Mr. Cooper to inflict a fine for knocking out several of the woman's teeth, so he was acquitted. Frank Drebert also introduced evidence to show that Cooper was not intoxicated when seen by him last about 5:30, p. m. Tuesday, soon after which the assault took place.

A SWEEPING VICTORY!

Predicted For the Virginia Democracy This Year—Lowry After the Prize Fighters.

RICHMOND, Va., July 25.—In a conversation with a newspaper reporter today, Gov. Fitz Hugh Lee expressed perfect confidence in the ability of the Democrats to carry the state this year. Indeed the governor does not entertain the slightest doubt that the Democrats will elect the whole state ticket and retain control of both branches of the legislature as usual.

NEW YORK, July 25.—Col. Emmons Clarke has declined the appointment as consul to Havre.

NEW YORK, July 25.—At Far Rockaway last evening, a locomotive and four passenger cars were derailed and the cars were afterward destroyed by fire, which communicated from the wrecked locomotive.

NEW ORLEANS, July 26.—Governor Lowry yesterday secured the arrest and extradition to Mississippi of Division Supt. E. L. Tyler, of the Queen and Crescent railroad, who is charged with having abetted the managers of the recent prize fight at Richburg.

NEW YORK, July 25.—Postmaster-General Wannamaker is agitating the sale of the present New York postoffice building to the city government and the erection of a new postoffice building up town. The building is inadequate for the present needs of the postal service here.

Several persons at Coney Island, who knew Hogan, the missing screnaut, say that they saw the professor on the Island last Saturday, and that he was seen to leave West Brighton Beach Sunday afternoon on a train for Brooklyn.

MASON CITY, Ia., July 25.—Lieutenant Governor Hull says that the story to the effect that Governor Larabee was scheming for a renomination is all bosh. The governor has already served two terms and would not take the nomination again even if tendered unanimously.

DUBUQUE, Ia., July 25.—Although Governor Larrabee has offered a reward of $600 for the arrest and conviction of the murderers of John Elkins and wife, on the night of July 17, at their home near Edgewood, no new clues have thus far been obtained.

HENRY BROWN.

Fort Wayne Has the Shortest Convict in the Prison North.

MICHIGAN CITY, July 25.—Henry Brown has been received at the Michigan City penitentiary from Fort Wayne to serve a term of three years. Brown is the banner Indiana convict and is now serving his ninth term. He is about forty years of age, and has been serving in the prison in Michigan City for the past twenty years. He has never received any long sentences, three years being the longest. From the time he was first sentenced he has not been outside at any one time for longer than two or three months. One thing strange in the career of the criminal is that he never committed a crime in any other than his own county. When he is released from prison he makes a bee-line for Fort Wayne, his home, and, after renewing old acquaintances, commits some theft and comes back for a year or two. He follows no occupation outside, and on the prison record, where the prisoners were registered, the word "thief" follows the name as his occupation.

A WOMAN INSANE

Because Her Husband Skips With All the Money He Could Borrow.

ST. JOSEPH, Mo., July 25.—Charles Nowland, a prominent building contractor, who gained considerable notoriety a few months ago by shooting a negro in the city police station, and who was formerly a member of the city council, has, it is said, borrowed all the money he could get on his home and other property, and left, presumably for England. His disappearance is mysterious and has caused his wife to go insane.

ARCH BISHOP WALSH.

He is Named For the Vacancy Caused by the Death of Bishop Lynch.

NEW YORK, July 25.—The Rome correspondent of the *Catholic News* cables that Bishop Walsh, of London, Ontario, was yesterday elected arch bishop of Toronto, to fill the vacancy caused by the death of Bishop Lynch, May 22, 1888.

The Weather.

WASHINGTON, July 25.—Indiana—Fair, except showers in southern portions; warmer southeasterly winds.

THE ENCAMPMENT.

Our Soldier Boys Will Break Camp Saturday—The Zollinger Battery Complimented.

The Indianapolis papers have this to say concerning the encampment of the militia of the state at that city:

General Ruckle said last night that the encampment would end Saturday afternoon instead of Monday morning, as originally intended. The main cause of this is President Harrison's recent order prohibiting all dress parades and other drills on Sunday. The men would have nothing to do on Sunday and would be more troublesome. "We will break camp Saturday afternoon," said General Ruckle, "in time for all the boys to take the evening trains for home."

Charles H. Rossington, of Fort Wayne, is acting as quartermaster sergeant of the First regiment light artillery.

An enterprising photographer was on the ground yesterday, taking views of everything he could bring his instrument to bear upon. "Looks like a Gatling gun drill," remarked a Fort Wayne artilleryman, as the photographer ducked his head under the cloth to take a view of the guns parked on the hill.

The Fort Wayne battery, organized in May, 1888, will press the older artillery organizations for first honors. It is composed of twenty-two exceedingly active and alert young men, who are not afraid of any duty that will redound to the credit and increase the efficiency of the battery. The officers are J. C. Williard, captain; W. F. Ranke, lieutenant; W. W. Mungeon, second lieutenant; Frank Morgan, first sergeant. They have the heaviest gun on the grounds, but handle it with much dexterity. It is a twelve-pound Napoleon, an old-fashioned brass piece, but they do the best they can with it and never murmur. The gun weighs 1,260 pounds, wheels 181 pounds each, and gun carriage without wheels, 736. The total weight of the entire outfit, including the caisson, is 7,736. This is the piece the battery handled at Evansville, where it took a prize. It also took a prize in the Gatling-gun drill. The battery will give a battalion drill with horses this morning.

DEATH OF PETE OWENS.

The Well-Known Saloon-Keeper Dies at Noon To-Day of Consumption.

For some days past the life of Mr. Peter Owens, the saloon-keeper, has been hanging by a thread. Dr. Greenawalt, who attended him, pronounced the disease of such a nature that recovery was hardly possible.

This morning the sick man showed symptoms of growing worse and toward noon he was given up. Shortly after noon he passed away while in an unconscious state. The cause of death was consumption. A widow and three children survive him.

Peter Owens had friends almost without number, who will have feelings of regret at his sudden demise, for there was apparently no more able-bodied man in active duty than he. The deceased for many years worked in a stave factory, but was later appointed on the police force. For the last four years he has conducted a saloon. Announcement of the funeral will be made hereafter.

TAYLOR UNIVERSITY.

A Fund Started for the Endowment of a New Institution in Fort Wayne.

Mr. H. C. Hartman, of this city, is now in New York City, authorized by the board of trustees of the Fort Wayne M. E. college to contract a loan of an amount of money to make a number of improvements in the college.

These improvements are for temporary purposes. The college trustees have in consideration a more elaborate scheme which is actually the import of Mr. Hartman's visit to New York.

It is prophesied by one of the trustees that the Fort Wayne college will shortly be endowed as a university to be named after Bishop Taylor, who is at the head of the national local preachers of America, and who is now in Africa.

It is the intention of interested parties to circulate a paper for the accumulation of the required fund. Contributions ranging from $1,000 to $5,000 are already made and it is predicted that long before Bishop Taylor's return a sufficient amount of money will have been subscribed to endow an institution, which will be a credit to the country.

The Taylor university, if established, will be of national repute instead of local or state interest alone.

A BIG FAILURE.

One of the Largest Dry Goods Houses in the Country Goes Under—Liabilities $1,000,000.

PHILADELPHIA, Pa., July 25.—Surprise was occasioned in business circles to-day by the announcement that the firm of Lewis Bros & Co., wholesale dry goods dealers, No. 240 Chestnut street, had made an assignment for the benefit of their creditors. While the exact amount cannot as yet be ascertained, it is thought the liabilities of the firm will sum up nearly four million dollars.

It is not likely that this amount will be increased by later developments, and it is hoped that an examination of the books will considerably decrease it.

The firm is one of the largest in its line of business in the city, and perhaps in the country. It has houses in many of the larger cities of the United States, notably, New York, Chicago, Baltimore and Boston. The members of the firm resident in this city, are George W. Wharten, Joseph W. Lewis and Henry Lewis.

Mr. Wharten, when seen this morning, promptly admitted the authenticity of the rumor that his firm had made an assignment for the benefit of their creditors. Cornelius W. Bliss of the New York firm of Bliss, Fabian & Co., he stated, was the assignee.

"I am unable," continued Mr. Wharten, "to place the amount of our liabilities. However, I feel convinced that they will be not much in excess of our assets."

"Of course, it is impossible to determine these things until an examination of the books has been made. We are now going over our books and will probably know more definitely to-night how and where we stand.

"If we could have had only two or three days more I am sure we would have been able to tide over difficulties, but the blow fell just at the worst time and our only course was to make an assignment and this we did this morning."

THE RAMBLINGS.

Another Installment of Encouragement About the New Railroad.

The Findlay *Republican* has this pleasant news:

"There was yesterday a meeting of the agricultural board for the purpose of considering the proposition of the American Midland railroad for the right of way through the fair grounds. No definite action was taken. Another meeting will be held next week.

"Yesterday seven car loads of heavy railroad iron arrived in the city over the C. S. & C., for use in the extension of the American Midland. The firm of Richard & Clegg have the contract to lay the track and ballast between Glandorf and the Clover Leaf on the west. Mr. Clegg, who is in the city on his way to Ottawa, says that the laying of track will reach the Clover Leaf within thirty days. The bonds will then be placed."

MAGGIE MITCHELL.

The Actress Will Marry Her Leading Man.

NEW YORK, July 25.—It is reported that Maggie Mitchell will shortly marry her leading man—Charles Abbott. Miss Mitchell is now visiting her daughter in Germany. Mr. Abbott is making arrangements for her tour next season and is superintending the construction of West End theatre in Harlem. Although Maggie Mitchell's relations with Mr. Abbott have been very friendly for a long time, they never approached their present degree of intimacy until after she was divorced from Henry Paddock.

Fires.

ROCHESTER, N. Y., July 25.—A fire occurred in Bickford Bros'. bedding manufactory, on Mill street, this morning. The loss to this firm; Block, Meyer & Co., clothiers, and to Frederick Zimmer, owner of the building will aggregate $10,000. The flames were under control in half an hour. How the fire started is not known.

Governor Ames.

NORTH EASTON, Mass., July 25.—Governor Ames rested fairly well during the night, with the exception of several coughing spells and is better this morning than at any time since he has been ill. He still remains in bed.

No Truck in It.

WASHINGTON, July 25.—Acting Secretary Wharton, of the state department, received the following cablegram from Minister Dinsmore, at Seoul, to-day: "Report concerning Mrs. Heron wholly without foundation."

Ohio's Next Governor

ZANESVILLE, O., July 25.—The prohibition convention nominated Rev. J. B. Holwig as governor on first ballot.

BRUISED AND BROKEN.

Several Accidents Reported From the Different Parts of the City.

An eleven-year-old son of Mr. Fred Zuber, who is employed by Peter Moran, fell off an ice wagon this morning in front of Fox's restaurant, on East Main street. The wheels of the heavy vehicle passed over the lad's left leg badly crushing the flesh, but fracturing no bones. The patrol wagon took the lad to his home, at 16 Monroe street, where Dr. McOscar attended him.

Frankie, the little son of Mrs. Mary Welch, of Superior street, fell from a wagon at Wallen two days ago and sustained a fractured arm. The lad is now at home.

Dr. A. J. Boswell was called yesterday afternoon to see Mrs. Barney Masbaum, near Adams station. She was thrown from a load of hay to the barn floor while observing the work of a hay fork. She sustained a fracture of the radius near the wrist, known as Coller's fracture, together with a severe face wound and internal injuries.

Yesterday a lad named Keough, a nephew of ex-Postmaster Keough, of this city, had his hand badly mashed in a threshing machine near Hadley. The injury was severe, and part of his hand will have to be amputated.

Mr. Geo. Laible, an employe of the Old Fort Manufacturing company, had his arm lacerated while working with a boring machine this morning. He was a new employe and had been there but a few days.

A MILE A DAY.

That is the Rate the Natural Gas Mains are Going Under Ground.

Eighty-five more workmen started in on the natural gas mains this morning, which with the force formerly employed, will, on the average, put under ground about one mile of pipe a day.

These workmen are paid $1.35 a day and every man who applies for work is given a job. One hundred more men could find work to-morrow, whether they be Americans, Hollanders, Irishmen or any other nationality.

The natural gas company see the necessity of pushing the work vigorously, as therein lies the only possibility of getting the work done before cold weather.

The difficulty at Montpelier has been settled by the company giving cheap rates to citizens of that place. The main pipe line has already reached Keystone, twelve miles from Bluffton and is steadily coming to the Summit City.

ZOLLINGER'S BIG FIGURES.

Report of the Indianapolis Pension Office—Increase in Business.

The annual report of Colonel Zollinger, of the Indianapolis pension agency, has been forwarded to Washington. It deals in big numbers.

From June 30, 1888, to June 30, 1889, the Indianapolis office paid out in pensions, $8,420,000, an increase of $1,600,000 over the preceding year. The net number of pensions on the rolls increased 5,000.

Colonel Zollinger says that Commissioner Tanner has allowed $19,000 for the expenses of this agency for the year, an increase of nearly $2,000. This has been much needed. The clerical force has been heavily taxed and the department has grown beyond expectation.

LOCAL LINES.

Mr. F. W. Antrup is quite seriously sick.

Mr. Jerry Cartwright, of Auburn, Ind., is in the city to-day.

Dr. T. J. Dills went to Michigan City to-day and will join his family at Petoskey next Sunday.

Mrs. Joe Guaman and daughters, Maud and Gertie, of Huntington, are visiting in this city.

A special excursion train went to Warsaw to-day over the Fort Wayne road. The passengers came in over the Fort Wayne, Cincinnati and Louisville road, four hundred strong.

The little three year old daughter of Mr. John White, of 78 Melita street, disappeared from her home at an early hour this morning, and the parents have been unable to find the child.

Among the marriage licenses will be noticed that of Colonel Harry C. Collins, the well known printer, and Mrs. Laura Doty. Harry had not notified his friends of his contemplated marriage, but they will nevertheless, join THE SENTINEL in wishing him all the happiness in the world. The marriage ceremony was performed this morning at the residence of the bride by Mayor Harding.

DEER PARK.

The President Transacts Business at His Summer Home—Attorney General Miller Visits Him.

DEER PARK, Md., July 25.—Charles W. Smith, convicted in the federal court of eastern Michigan of forging money orders, has been pardoned by the president. Smith had already served one year in the penitentiary. Lewis C. Powell, Edward Bennett and Samuel Butler, all of South Carolina, convicted of violating the revenue laws, have had their applications for pardon denied.

Attorney General Miller brought up the papers of these men from Washington, and spent an hour this morning examining the cases with the president.

The first guests at the McKee cottage will be Mrs. and Miss McKee, of Indianapolis. They will come this week.

Attorney General Miller will remain here a few days longer.

GARFIELD'S SON.

He Will Be Married to the Daughter of a Railroad Magnate.

CHICAGO, July 25.—The engagement is announced of Miss Helen Newell, daughter of John C. Newell, general manager of the Lake Shore railroad, to James R. Garfield, second son of ex-President Garfield.

The Sioux Commission.

CHAMBERLAIN, Dak., July 25.—The result which attends the Sioux commissioners at Cheyenne leads people here to believe that there is more than rumor in the charge that the towns interested in the capital fight have been taking a hand in the matter. It is believed that, had the Indians at the agency been left alone, the result would have been much different.

At this time 3,000 of the necessary 4,000 signatures have been secured. A more favorable result is looked for at Standing Rock. The prevailing opinion is that the requisite number will yet be secured.

DR. J. M. DINNEN.

He is Reappointed on the Board of Pension Examiners.

The Washington dispatches to-day announce that Dr. J. M. Dinnen has been appointed on the board of pension examiners. Dr. Dinnen is a stanch democrat.

Killed as a Sacrifice.

SAVANNAH, Ga., July 24.—It has been discovered that a negro child has been killed in Liberty county, by its parents as a sacrifice, the negroes being crazed by the fanatical preaching of Orth and Bell. The negroes of the county are nearly all in a lamentable state of religious frenzy. Edward James, who is acting as the leader of one of the congregations since Orth was sent to the asylum, appears before his audience almost nude when he preaches.

E. A. E. HACKETT, Editor and Proprietor.

THURSDAY, JULY 25, 1889.

The colored people are having an interesting and successful camp meeting at the fair grounds.

The report telegraphed from Nashville, that Mrs. Heron, a Presbyterian missionary in Corea, had been sentenced to death for teaching Christianity, is not credited by the officers of the Presbyterian Board of Foreign Mission.

Editor C. B. Landis, of the Delphi *Journal*, had his residence entered by burglars the other night. His gold watch and chain, $25 in money, a new suit of clothes, with hat and shoes to complete the outfit, and several other articles were taken.

Harrison is dismissing his political opponents from office three times as fast as Cleveland did. Up to the present time about 13,000 changes have been made in the fourth-class postoffices, as against 4,000 made by the preceding administration in the same time.

A Cincinnati judge, who had a confectioner before him for selling ice cream on Sunday, dismissed the case and in doing so said, "that the use of ice cream had grown to such an extent that it was no longer classed as a luxury and in the liberal view the court was inclined to take of the statute its sale on Sunday could easily be regarded as a necessity. "Certainly," said his honor, "no man was ever incited by eating ice cream to go home and beat his wife and break up the furniture, and I have no sympathy with the effort of saloon men to make the law against them odious by pushing the enforcement of the common labor law."

COUNCIL PROCEEDINGS.

The Usual Array of Resolutions Introduced and Adopted—The Ordinances and Proposals.

You should read The Chicago Daily News because you want *the best four cents' worth* in the city. The Daily News, as a member of the Associated Press. This means that its news service is unsurpassed. Two of its staff live in Washington the year round, and are exclusively occupied in its service. It has special correspondents throughout the United States and in the leading capitals of Europe. It has 331 people regularly at its pay roll. It spends $1,000 a week in telegraph tolls, and $6,000 per week to pay them—nearly $300,000 a year. Its expenditures aggregate very nearly $1,000,000 annually. All this means quality.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 45c. a month, four months $1.00,—*one cent a day.*

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them!

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

Fort Wayne Sentinel.

THURSDAY, JULY 25, 1889.

DOTTED DOWN.

The News of the Day as Taken From the Note Book of Our Railroad Reporter.

The Knights of the Golden Eagle had an excursion to Warsaw to-day.

John Webber has resumed his position in the Bass moulding rooms.

Louis Waltemath, of the Olds wagon works, is suffering with an injured eye.

Ticket Agent Frank Bissel, of the Pittsburg, was at Kalamazoo yesterday.

The Knights of the Golden Eagle took 200 excursionists to Warsaw this morning.

Fred Reese, of the Foster Furniture company, is visiting friends at Friedheim, Ind.

J. C. Match is doing clerical work at the Bass works in the place of Will Noble, who is sick.

A gang of twenty-five negroes are working on the natural gas trenches on Washington street.

Fred Rogers was injured at the Nickel Plate yards, Tuesday night, while making a coupling.

John McGorman, of the Pittsburg car shops, has moved from Broadway to No. 176 Van Buren street.

James Rhoan, of Muncie, has taken a position in the yards of the Fort Wayne, Cincinnati and Louisville railroad yards in this city.

James O'Hearn, David J. Roche, Albert Armstrong, W. A. Johnson and Edward O'Hearn have taken positions at the Pittsburg blacksmith shops.

Among the laborers who are brought to this city to work on the natural gas trenches, are a large number of negroes. They are put in gangs by themselves.

Master Mechanic O. J. Wilson, of the Wabash, appointed Mr. William Yergens assistant foreman of the Wabash shops yesterday, vice Scott Cooper, resigned.

A number of the shop boys will go with the excursion of the Jenney Electric Light company next Saturday. The attractions of the Jenney girls are sufficient to take them anywhere.

Superintendent Victor A. Sallot, of the Olds wheel works, says that the mysterious letter "B" on the oats, mention of which was made in THE SENTINEL a few days ago, means Bohemian oats. It is a sign that brings sad reflections to many farmers.

Passenger Agent R. G. Thompson, of the Wabash, has returned from St. Louis, Mo., where he met several Fort Wayne boys, among whom were J. M. McConnell, formerly ticket agent of the Wabash here, Arthur Dougall and Herman Woulfe. Dick thinks the Wabash is the greatest railroad on earth, and he tells us how it brought him from St. Louis to this city in less than eleven hours.

The new Michigan law regulating railroad passenger rates seems to strike the nail pretty squarely on the head. It provides that all roads whose gross earnings per mile exceed $3,000 shall not charge over two cents a mile. Roads earning less than $3,000 and over $2,000 two and one-half cents, and roads earning less than $2,000 three cents. The act also provides for $20-1,000 mile tickets.

The excursion of Switchmen's Mutual Aid association to Rome City this morning was not a large one, only 200 people accompanying them, but the party was a merry one, and they have undoubtedly enjoyed the day. They left the south depot at 8 o'clock. Engineer Charles Rehling and Fireman James Richards were in charge of the locomotive that pulled the train, and it was beautifully decked with the American colors.

MURDERED BY TRAMPS.

A Lake Shore conductor reported yesterday the finding of the bodies of three unknown men—two white and one colored—between the Baltimore and Ohio and Lake Shore tracks, at Pine, a small station west of LaPorte.

The bodies were in a state of decomposition, showing that they had been dead for several days. The cause of their death is a mystery. All three of their heads were crushed and it is supposed that they were murdered while asleep and that the deed was committed by tramps.

A peculiarity of Hood's Sarsaparilla is that while it purifies the blood, imparts new vigor to every function of the body.

If you do not receive your SENTINEL regularly, please notify us immediately, either in person or by postal card, that we may remedy the fault.

Head Of Doctors.

What will do it? A free trial package of Lane's Family Medicine, which you can get from any druggist. This is a new and wonderful medicine, discovered in the Rocky Mountains by Dr. Silas Lane. It is a positive cure for constipation and all blood, liver, stomach and kidney troubles. You need such a medicine. Call to-day on your druggist for a free sample package. Large size package 50c. All druggis sell it.

Low G. A. R. Rates.

The Soldiers at This City Will Go to the Encampment Via. the Lakes.

Col. Philemon Dickinson states that reduced rates have been secured to the national encampment of the G. A. R., at Milwaukee, and that there will be a large attendance.

The party will go to Benton Harbor, thence by boat to their destination. This mode of transportation will knock out the railroads who insisted on higher rates than one cent a mile.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

City Assessor Charles Reese went to Bull Rapids to-day. He will return Saturday and take a trip next week.

Symptoms of Catarrh.

Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery and acrid, at others, thick, tenacious, mucous, purulent, bloody and putrid; the eyes are weak, watery and inflamed; there is ringing in the ears, deafness, hacking or coughing to clear the throat, expectoration of offensive matter, together with scabs from the ulcers, the voice is changed and has a nasal twang; the breath is offensive, smell and taste are impaired; there is a sensation of dizziness, with mental depression, a hacking cough and general debility. If you have all, or any considerable number of these symptoms, you are suffering from Nasal Catarrh. The more complicated your disease has become, the greater the number and diversity of symptoms. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption and end in the grave. No disease is so common, more deceptive and dangerous, or less understood, or more unsuccessfully treated, by physicians. Five hundred dollars reward is offered by the manufacturers of Dr. Sage's Catarrh Remedy, for a case of catarrh which they can not cure. Remedy sold by druggists at only 50 cents.

Cheap Harvest Excursions

Will be run via the Wabash Line to points in Kansas, Nebraska, Oklahoma, Dakota, Colorado, and all parts of the West, on August 6th and 20th, September 10th and 24th, and October 8th, 1889. Rates one fare for Round trip. For particulars, apply to nearest Wabash Ticket Agent. Oct1

Lake Chautauqua.

Take the Nickel Plate to Lake Chautauqua, the popular summer resort, where 150,000 pleasure seekers visit in one season. It is located at an altitude of 1,400 and 1,500 feet above ocean level, and its shores present a continuous picture of scenic beauty.

The boating, fishing and bathing advantages are equal, if not superior, to any other resort in this country, and these features alone should bring thousands to its shores the coming season.

The history of the various religious and educational organizations which have made this resort so popular, are so well known it will not be our purpose to repeat any portion of it here. Individuals or families desiring board at hotels or private houses may be accommodated at rates to suit the ability or desires of the visitor.

The Nickel Plate has made special arrangements for the accommodation of tourists who desire to stop on excursion tickets either going or returning, enabling them to visit friends en route and the many attractions of the beautiful city of Cleveland, Ohio.

Excursionists desiring to visit Niagara Falls may be accommodated with tickets direct or via Chautauqua Lake, enabling holders of Nickel Plate tickets to visit both of those famous resorts without additional cost to purchaser. The Nickel Plate trains make direct connections at Brocton for Mayville, and close connections returning. Be sure your ticket reads via Nickel Plate. Aug15

Grates and open stoves using No. 5 Mixer or smaller, where boilers or furnaces are also used for heating the premises, shall be charged $2.50 each per annum.

The company will make all necessary connections with the street mains and run service pipes to the curb line without expense to the consumer.

The mixers are owned by the company, and are furnished without charge. Patrons are cautioned against interfering with them in any manner. Any defective service on the part of the company will be promptly attended to, upon notice to the office. A damper in the stove pipe is necessary to insure economy of gas.

All bills are due on the 1st day of the month, and payable in advance at the office of the company. Ten days' grace is allowed to patrons who pay promptly, but BILLS MUST BE PAID ON OR BEFORE THE 10TH DAY OF EACH MONTH TO SAVE DISCOUNT, allowing the time for discount to expire before making payment does not give an extension of time on the 5 P. M. All applications, notices and complaints must be made at the office to insure prompt attention.

The business of the company MUST be transacted at its office. It can not clearly understand any point in this circular, call at this office and explanations will be cheerfully given.

☞ The mixer is the hub through which the gas passes to be mixed with air. A No. 5 mixer is the size generally used for domestic purposes and will supply sufficient gas for heating equal to an ordinary hard coal stove, burning from 4½ to 5 tons of coal during the season. No. 7 and upward are for hot air furnaces and steam heating apparatus.

No. 5 mixer has 4-32 opening.
No. 7 mixer has 5-32 opening.
No. 9 mixer has 6-32 opening.
Special attention is called to the annual rates, which are much below the cost of coal, wood or gasoline.

Furnace or cook stove will be counted as one stove, and where additional fires are used they will be figured on the basis of reduction named in price list.

Annual Contracts are payable in six monthly instalments, commencing with the date of connection, between November 1 and May 1, and continuing to April 1, and commencing again November 1 if necessary to complete six monthly instalments. If connected under Annual Contracts are made after May 1, but previous to November 1, then such monthly payments shall begin November 1 and continue to April 1.

Any consumer using $10.00 worth of gas per year according to above schedule shall have the right to require gas to be furnished by meter measurement instead of schedule rates; in which case the company shall have the right to change ten (10) cents per 1,000 feet. Standard meters will be furnished by the company.

For all manufacturing purposes and for all other consumers not designated in the foregoing schedule, gas shall be furnished at the option of the consumer as follows:

First, by special agreement, or second, by meter measurement not exceeding seven (7) cents per 1,000 cubic feet.
